**ADOPT A VINE | ROSEMONT MOURVEDRE**

We are happy to announce that this Spring we will be planting an acre of Mourvedre grapes across from the Winery and will once again offer our “Adopt A Vine” program! Mourvedre is a new varietal for us here at Rosemont and we are excited to work with it. In the Rhône region of France it is typically blended with Syrah and Grenache to make a blend that we call a GSM. It generally has a fuller body with dark fruit flavors and we are looking forward to blending it with Syrah or seeing it on its own in the future!

This new planting will only include 12 rows of grapes! This is a great opportunity for anyone interested in learning more about what goes into making your bottle of wine. Adopting a row of vines will allow you to get in on the “ground level” and see just what is involved with establishing a vineyard!

**ADOPTION COST: \$300**

To participate in this exciting and educational program, we are offering a one-time payment of \$300, taxes included. In addition to a handsome plaque engraved with your name that will be displayed on your adopted row of vines for the next 40 to 50 years! You will also receive the following unique experience and benefits:

- 2021 | Planting:** Join us in April to plant some of the vines in your row. *Date TBD.*
- 2022 | Learn to Prune:** Join us in March to learn the art of pruning your vines. *Date TBD.*
- 2023 | Train Your Vine:** Join us in March to prune and train your vine for the year. *Date TBD.*

- 2027 | Receive your 3<sup>rd</sup> bottle** of wine produced from your grapes: 2025 vintage.

Of course, you can visit your adopted vines at any time to check on their progress and see how they’re growing!  
Talking to them helps encourage them to produce great fruit – we do it all the time!
